

# IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

## Pawnee Co RWD #2 Did Not Meet Monitoring Requirements

Our water system violated drinking water requirements pertaining to the contaminant(s) of concern listed below. Although none of these violations are considered emergencies, as our customers, you have a right to know what happened and what we are doing, or have done, to correct these violations. Customers are not at risk and there is no reason to suspect any potential adverse health effects. Alternative water supplies are not needed.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the following monitoring periods, we did not monitor or test for the following contaminants, and therefore cannot be sure of the quality of your drinking water during that time:*

Type of Sample(s)

Monitoring Period(s)

DISINFECTANT BY-PRODUCT

1/1/2024 To 3/31/2024

What should I do? There is nothing that you need to do at this time.

What happened? What is being done? We missed taking a sample. The sample was taken the following month.

We anticipate resolving the problem by this date: The sample was taken and the test was completed on 4/8/2024.
